Certified ISO 31000 Lead Risk Manager

Ref: 321593_127585 **Date:** 09 - 13 Mar 2025 **Location:** Tunis (Tunisia) **Fees:** 3700 Euro

Introduction

The ISO 31000 Lead Risk Manager training course helps participants develop their competences to support an organization create and protect value by managing risks, making decisions, and improving performance using the ISO 31000 guidelines. It provides information regarding the core elements and the effective implementation of a risk management framework, the application of the risk management process, and the actions necessary for the successful integration of these elements to meet organizational objectives. Furthermore, it provides guidance on the selection and application of techniques for assessing risks in a wide range of situations.

Course Objectives of Certified ISO 31000 Lead Risk Manager

- Demonstrate understanding of risk management principles as formulated in ISO 31000.
- Establish, maintain and continually improve a risk management framework in accordance with ISO 31000 guidelines.
- Apply the risk management process in accordance with ISO 31000 guidelines.
- Plan risk recording, risk communication activities and the reporting processes.
- Monitor, review and improve the risk management framework and process based on outcomes of the risk management activities.
