Applied Project Management for Oil & Gas

Ref: 3128_129205 **Date:** 26 - 30 Jan 2025 **Location:** Istanbul (Turkey) **Fees:** 3900 Euro

Introduction

This intensive five-day course will be about the application of Project Management techniques and knowledge for the effective estimating, planning, managing, and control of a project. This course will extend to the identification, assessment, and control of qualitative risks in the project-based enterprise. Uncertainty will be inherent in all projects and particularly in the aspects of technical, financial, schedule, legal, and quality the latter includes safety, health, environment, and facility integrity of performance. In addition, this course will explore quantitative risk analysis using the basics of probability.
