The image features a chessboard with several chess pieces. In the foreground, a large gold king piece stands prominently on a dark square. To its left, a silver pawn is on a light square. Further left, another silver pawn is on a dark square. The background consists of a light gray background with a pattern of concentric, semi-transparent circles that create a sense of depth and focus on the chess pieces.

The A - Z of Purchasing & Supply Chain Management

Introduction

Managing the purchasing department of the 21st Century is not an easy task. Today's global economy makes the purchasing function increasingly complicated. In this course, we will explore how to manage the various suppliers that may be located thousands of kilometers from your plant while achieving real cost savings. Furthermore, we will discover how the purchasing department fits in the overall function of the supply chain operation. Lastly, we will cover how the purchasing department should be managed properly to achieve all of its Key Performance Indicators KPIs.

Course Objectives of The A - Z of Purchasing & Supply Chain Management

- Define the strategic role of the purchasing department
- Perform accurate supplier evaluation
- Develop effective negotiation strategies with all suppliers
- Explain the importance of value analysis to purchasing
- Evaluate the performance of the department using proper Key Performance Indicators KPIs
- Improve the efficiency of the purchasing department
