Certified ISO 9001 Lead Implementer: Quality Management

Ref: 3034_132442 **Date:** 06 - 10 Oct 2025 **Location:** Malaga (Spain) **Fees:** 4400 **Euro**

Course Description

This 5-day Certified ISO 9001 Lead Implementer course provides comprehensive training on implementing and managing Quality Management Systems QMS based on ISO 9001. Participants will gain in-depth knowledge of ISO 9001 requirements, best practices, and implementation strategies. The course prepares professionals to lead QMS projects and achieve certification.

Learning Objectives

- Understand ISO 9001 principles and requirements for QMS
- Develop skills to plan, implement, and maintain a QMS
- Learn to conduct internal audits and manage continuous improvement
- Prepare for third-party certification audits
- Acquire leadership skills for successful QMS implementation

Course Modules

Day 1: Introduction to ISO 9001 and QMS Fundamentals

- Overview of ISO 9001 and quality management principles
- QMS scope and context of the organization
- Leadership and commitment in QMS
- Risk-based thinking and process approach

Day 2: Planning QMS Implementation

- Gap analysis and project planning
- Developing quality policy and objectives
- Organizational roles, responsibilities, and authorities
- Addressing risks and opportunities

Day 3: Implementing QMS Processes

- Resource management and competence
- Documented information and communication
- Operational planning and control
- Design and development of products and services

Day 4: Performance Evaluation and Improvement

A graphic of a chessboard with several pawns. In the foreground, a large gold king piece stands prominently. Behind it, several silver and gold pawns are positioned on different squares. The background features a series of concentric, light gray circles, creating a sense of depth and focus on the chess pieces.
