

Modern Supplier Management, Development & Optimization

Supply Chain & Logistics
London (UK)
01 - 05 Sep 2025

UK Traininig

PARTNER

A close-up photograph of chess pieces on a checkered board. In the foreground, a large, ornate gold king piece stands prominently. To its left, a smaller silver pawn is visible. Further back, another silver pawn is positioned. The background features concentric circles, suggesting a radar or signal pattern, which adds a strategic and technological feel to the image.

Modern Supplier Management, Development & Optimization

Course Description

This comprehensive 5-day course equips procurement professionals with advanced strategies and tools for effective supplier management, development, and optimization. Participants will learn to create value-driven supplier relationships, implement performance evaluation systems, mitigate risks, and drive innovation across the supply chain.

Learning Objectives

- Develop and implement strategic supplier relationship management SRM programs
- Master techniques for supplier segmentation, performance evaluation, and risk management
- Learn to foster innovation and continuous improvement in supplier partnerships
- Understand how to align supplier management with organizational goals and create measurable value
- Acquire skills to navigate complex negotiations and resolve conflicts in supplier relationships

Course Modules

Day 1: Foundations of Modern Supplier Management

- Evolution of supplier management in the digital age
- Strategic importance of effective supplier relationships
- Supplier segmentation and portfolio management
- Aligning supplier management with organizational objectives

Day 2: Supplier Relationship Management SRM Strategies

- Designing and implementing SRM programs
- Collaborative planning and goal-setting with key suppliers
- Effective communication and stakeholder management
- Building trust and long-term partnerships

Day 3: Supplier Performance Evaluation and Development

- Key Performance Indicators KPIs for supplier evaluation
- Implementing supplier scorecards and performance dashboards
- Continuous improvement and capability development programs
- Managing underperforming suppliers

Day 4: Risk Management and Compliance in Supply Chains

- Identifying and assessing supplier risks
- Developing risk mitigation strategies
- Ensuring regulatory compliance and ethical sourcing
- Crisis management and business continuity planning

Day 5: Innovation and Value Creation through Supplier Partnerships

- Fostering innovation in supplier relationships
- Joint value creation initiatives and cost reduction programs
- Leveraging technology for supplier collaboration and visibility
- Measuring and communicating the value of supplier management

Practical Wins for Participants

- Ability to design and implement a strategic SRM program tailored to organizational needs
- Skills to develop comprehensive supplier performance evaluation systems
- Techniques for identifying and mitigating supply chain risks effectively
- Strategies to drive innovation and create measurable value through supplier partnerships

A graphic of a chessboard with several chess pieces. A large gold king piece is prominent in the foreground, with a silver pawn and a silver knight behind it. In the background, there are concentric circles emanating from a point on the board.
