Introduction

Partnership and collaboration with other NGOs are no longer a peripheral add-on to an organization's main work - for most organizations they are central to the way in which they pursue their mission and objectives. A partnership that works well can produce results that inspire and surprise, while one that is struggling can drain energy and resources from the organizations involved. This course focuses on partnership as a tool for value creation and results in maximization and the employment of communication in building strong networks and collaboration.

Training Objectives of Effective Partnership & Communication Skills

- Have a shared language and complete strategic understanding of multi-stakeholder partnership approaches.
- Develop knowledge about the building blocks for effective partnerships, and a complete set of tools to build and support collaboration
- Build the ability to apply learning and tools to their own situation and develop individual partnering action plans
- Develop knowledge of effective communication and its practical employment in networking.
