IT Support/Helpdesk Operations

Ref: 321470_134854 Date: 13 - 24 Jan 2025 Location: London (UK) Fees: 7400 Euro

Introduction

The job of help desk representative is one of the most challenging in Today's technology-driven society. Those who seek expert help by phone or email are often perplexed, stressed out, or downright ticked off. They want answers, results, solutions—and they want them NOW! To the rescue, the course for help desk staff will keep these workers from being pulled under by the riptide of requests they get each day.

Besides learning methods for effective listening, questioning, and resolving problems, participants will also find out how to write clear, accurate email responses and follow-up reports that will answer users' requests and satisfy their managers' expectations. They will also learn "life-preserving" techniques to help reduce stress and maintain enthusiasm and productivity while dealing with even the most difficult clients.

Course Objectives of Help Desk Operation Support

- Provide guidance for managing customer expectations
- Offer suggestions for asking questions that will get to the root of a customer's concern
- Give practical advice for using active listening skills and staying focused
- Review the ins and outs of email etiquette and staying positive online
- Explain communication styles and how to tailor service to different types of people
- Make suggestions for staying productive and managing stress

Course Outlines of Help Desk Operation Support

Hearing Distress Signals: Identifying Calls for Help

• Identify service challenges specific to a help-desk environment

Credible Service: How to Build Rapport and Actively Listen

- Putting customers at ease
- Communicating a sense of urgency
- Listening to what people tell you
- The essential people skills
