A close-up photograph of chess pieces on a checkered board. In the foreground, a large, ornate gold king piece stands prominently. To its left, a smaller silver pawn is visible. Further back, another silver pawn is positioned. The background features concentric circles, creating a sense of depth and focus on the king piece.

Project Management & Certified Leading Manager Training

Ref: 32103_135053 **Date:** 28 Jul - 01 Aug 2025 **Location:** Casablanca (Morocco) **Fees:** 3300 Euro

Course Description

This intensive 5-day course combines project management methodologies with advanced leadership skills to prepare participants for senior management roles. Participants will learn industry-standard project management techniques, develop critical leadership competencies, and gain practical experience through case studies and simulations. Upon completion, participants will be eligible for the Certified Leading Manager credential.

Learning Objectives

- Master core project management methodologies and best practices
- Develop essential leadership skills for managing teams and stakeholders
- Learn to align projects with organizational strategy and goals
- Enhance decision-making and problem-solving abilities in complex project environments
- Gain practical experience through real-world case studies and simulations
- Prepare for the Certified Leading Manager examination

Course Modules

Day 1: Foundations of Project Management

- Project lifecycle and management processes
- Scope definition and work breakdown structures
- Stakeholder identification and management
- Project charter development

Day 2: Project Planning and Execution

- Schedule development and critical path analysis
- Resource allocation and management
- Risk identification and mitigation strategies
- Quality planning and control

Day 3: Leadership Fundamentals

- Leadership styles and situational leadership
- Emotional intelligence in project management
- Team building and motivation techniques
- Effective communication strategies
