

MBA in Quality Management

MBA in Quality Management

Ref: 3047_135215 Date: 17 - 21 Mar 2025 Location: Los Angeles (USA) Fees: 5700 Euro

Introduction

Quality management has evolved to become an internationally sought after and a rewarding career. The quality management body of knowledge is developed to cover areas of leadership, communication, strategy, and technical skills in quality and project management among many others. This course aims to develop the skills of participants and provide them with the tools and methodologies that will enable them to shift into this rewarding career. The course will showcase the most common tools and methodologies used by quality professionals. Moreover, the course will highlight some of the leadership traits that every quality professional should develop.

Course Objectives of Quality Management MBA

- Explain the role and impact of leadership to support quality management systems
- Describe the importance of quality in organizations and review various quality schools and teachings by quality gurus
- Assess team dynamics and the role of teams to support continual improvement projects
- Compare the most used quality philosophies and tools and use the most appropriate ones to establish priorities within their organization
- Appraise the ethical commitment needed by quality professionals
