Ref: 3113_137072 **Date:** 10 - 14 Feb 2025 **Location:** Lisbon (Portugal) **Fees:** 4400 **Euro**

Introduction

This course is designed to provide practical guidance to those involved in the management or administration of projects where the use of FIDIC red book contract is required. The course covers management disciplines and procedures in the “Pre-Contract” phase of the project including the FIDIC Client Consultant Service Agreement. It also covers the “Post Contract” award phase, including all contract management disciplines and claims management issues. This practical course explains and illustrates the use of the FIDIC conditions of contract for construction the “Construction Contract”. The course covers the 1999 Contracts books with highlights regarding the Second Edition. The course will enable participants to gain confidence in working with these documents, whether they represent employers, consultants, or contractors.

Course Objectives of FIDIC Contracts Management

- Implement FIDIC’s principles, mechanisms, and best practices for contract and project management
- Demonstrate the responsibilities, obligations, and entitlements of the employer and the contractor
- List the engineer’s different roles, duties, and responsibilities in relation to FIDIC contracts in accordance to the red book 2017
- Apply the correct payments, claims, and dispute resolution mechanisms as envisaged by the FIDIC contracts
