A large, stylized image of chess pieces on a checkered board. In the foreground, a large gold king piece stands prominently. To its left are two silver pawn pieces. The background features concentric circles and a checkered pattern, suggesting a strategic or competitive environment.

Certificate in Environmental Management and Sustainability

Ref: 3272_137785 **Date:** 17 - 21 Nov 2025 **Location:** Maldives (Maldives) **Fees:** 4700 **Euro**

Course Description

This comprehensive 5-day certificate program provides participants with essential knowledge and practical skills in environmental management and sustainability. The course covers key areas including environmental regulations, impact assessment, resource management, and sustainable business practices. Participants will gain valuable insights into current environmental challenges and learn effective strategies for implementing sustainable solutions in various organizational contexts.

Learning Objectives

- Understand fundamental principles of environmental management and sustainability
- Analyze environmental impacts and develop mitigation strategies
- Apply relevant environmental regulations and compliance measures
- Implement effective resource management and conservation techniques
- Develop strategies for integrating sustainability into organizational practices

Course Modules

Day 1: Introduction to Environmental Management

- Environmental management principles and concepts
- Global environmental challenges and trends
- Sustainable development goals
- Environmental policy frameworks

Day 2: Environmental Regulations and Compliance

- Key environmental laws and regulations
- Compliance strategies and best practices
- Environmental auditing and reporting
- Case studies in regulatory compliance

Day 3: Environmental Impact Assessment

- EIA process and methodologies
- Identifying and evaluating environmental impacts
- Mitigation hierarchy and management plans
- Stakeholder engagement in EIA
