Petroleum Trading & International Law: Global Energy Markets

Ref: 3278_137896 **Date:** 10 - 14 Nov 2025 **Location:** Munich (Germany) **Fees:** 4400 **Euro**

Course Description

This intensive 5-day course provides a comprehensive understanding of petroleum trading and international law in the global energy market. Participants will explore the technical, financial, and legal aspects of the oil and gas industry, focusing on risk management, contract negotiation, and regulatory compliance. The course integrates practical case studies and expert insights to prepare professionals for the challenges of international petroleum trading.

Learning Objectives

- Understand the fundamentals of global petroleum markets and trading mechanisms
- Analyze international legal frameworks governing the oil and gas industry
- Develop skills in risk management and hedging strategies for petroleum trading
- Master contract negotiation techniques for international petroleum agreements
- Gain insights into regulatory compliance and dispute resolution in energy markets

Course Modules

Day 1: Introduction to Petroleum Trading and Global Markets

- Overview of the global petroleum industry
- Fundamentals of oil and gas trading
- Market structures and key players
- Price formation and benchmarks

Day 2: International Legal Frameworks in the Energy Sector

- Introduction to international energy law
- Key legal principles in petroleum contracts
- Regulatory frameworks across major jurisdictions
- Environmental and sustainability regulations

Day 3: Risk Management and Financial Instruments

- Types of risks in petroleum trading
- Hedging strategies and derivatives
- Credit risk management
- Financial modeling for energy transactions

A graphic of a chessboard with several chess pieces (king, queen, rook, knight, and pawns) in gold and silver. The text 'UK Training PARTNER' is overlaid on the board.
