Effective Medical Writing and Transcription

Ref: 3297_138123 **Date:** 10 - 14 Feb 2025 **Location:** Prague (Czech) **Fees:** 4400 **Euro**

Introduction

In medical writing, it is important to deliver accurate documents in timely manner that adhere to the highest ethical and scientific standards. This course provides an overview of how to present product information clearly and concisely for targeted audiences. It teaches participants how to control sentence structures for precise delivery of data and how to increase clarity and effectiveness.

Course Objectives of Medical Writing and Transcription

- Exploring the meaning of medical writing
- Learning how to write documents that meet the company's goals and objectives
- Understanding the importance of publishing as an essential part of therapeutic product position
- Writing an abstract or manuscript
- Creating effective data displays
- Understanding the role of the writer in producing and issuing documents
- Discussing the best ways to manage the review process
- Providing and receiving feedback in useful way
- Reaching concurrence in the review process

Course Outlines Medical Writing and Transcription
