The Governance & Risk Management in The Public Sector

Ref: 321478_140286 **Date:** 13 - 24 Jan 2025 **Location:** Los Angeles (USA) **Fees:** 9600 Euro

Course Introduction

This course, on Governance and Risk Management for Countries and Public Sector Organisations, will give you the latest tools and techniques to apply the fundamentals of governance in the public sector. It will also help your organisation to have the appropriate systems and structures to achieve a high level of organisational performance. It will also provide all participants with value to the implications and benefits that arise from good governance standards and practices.

This course is designed to provide and discuss guidance on key governance principles and rules, best practice recommendations, and various issues relevant to public sector organisations. It will also provide you with a guide to good governance, with a focus on accountability, compliance, risk assessment, disclosure, and transparency requirements, to ensure that management and reporting obligations that affect your organisation are identified and addressed.

This course is also designed to develop and enhance your skills and knowledge of risk management in the state and the public sector, and to provide the board of directors, senior executives, and heads of departments in the public sector to effectively take over their roles and responsibilities in collective governance, and lead the organisation to mitigate risks and ensure success and sustainability through Excellence in Governance Efficient risk management. In addition to providing capital keys to future directions and decisions to ensure satisfactory levels of performance for the bodies and authorities.

This course provides an interesting journey with strategic thinking paths in the field of business in general with the aim of improving its performance and achieving continuous growth in the local and international business environment.

Training Objectives

- Determining the nature, components, and importance of governance and how to achieve it for the state and the public sector.
- Define requirements for good governance with relevant roles, responsibilities, and accountability within the state and the public sector.
- Create, lead and manage specialized functions to meet the requirements of current corporate governance rules and standards, and effectively manage the change and development required for the state and the public sector.
- The role and responsibilities of the Board of Directors and those who interact with them, and management in implementing the principles of good governance.
- Determining the types of risks to the state and the public sector with potential impact on corporate governance.
- Appreciate the role of risk management in the governance and management of the

The logo for UK Training Partner features the text 'UK Training' in a small, black sans-serif font above the word 'PARTNER' in a large, bold, black sans-serif font. The background of the logo is a stylized chessboard with several chess pieces (a king, a queen, and a pawn) in gold and silver, set against a white and grey checkered pattern.

organisation.
