Leadership in Safety Management: Driving Excellence

Ref: 321514_140552 **Date:** 07 - 11 Sep 2025 **Location:** Tunis (Tunisia) **Fees:** 3700 **Euro**

Course Description

This intensive 5-day course equips safety professionals and managers with advanced leadership skills to drive safety excellence in their organizations. Participants will learn cutting-edge strategies for creating a positive safety culture, reducing risks, and influencing safety behaviors across all levels of the organization.

Learning Objectives

- Develop advanced safety leadership skills and strategies
- Learn to create and sustain a positive safety culture
- Master techniques for effective risk assessment and management
- Enhance communication skills for promoting safety awareness
- Understand how to measure and improve safety performance

Course Modules

Day 1: Foundations of Safety Leadership

- Understanding safety leadership principles
- The role of leadership in safety culture
- Safety management systems overview
- Assessing current safety climate

Day 2: Risk Management and Assessment

- Advanced risk assessment techniques
- Hazard identification and control strategies
- Root cause analysis methods
- Developing effective risk mitigation plans

Day 3: Creating a Positive Safety Culture

- Elements of a strong safety culture
- Behavior-based safety programs
- Employee engagement and motivation
- Overcoming resistance to change

Day 4: Communication and Training for Safety

A graphic of a chessboard with several chess pieces, including a king, queen, and pawns, arranged on the board. The board is white and black, and the pieces are gold and silver.

UK Training
PARTNER
