## Leadership in Safety Management: Driving Excellence

**Ref:** 321514\_140562 **Date:** 15 - 19 Jun 2026 **Location:** Accra (Ghana) **Fees:** 3300 **Euro**

### Course Description

This intensive 5-day course equips safety professionals and managers with advanced leadership skills to drive safety excellence in their organizations. Participants will learn cutting-edge strategies for creating a positive safety culture, reducing risks, and influencing safety behaviors across all levels of the organization.

### Learning Objectives

- Develop advanced safety leadership skills and strategies
- Learn to create and sustain a positive safety culture
- Master techniques for effective risk assessment and management
- Enhance communication skills for promoting safety awareness
- Understand how to measure and improve safety performance

### Course Modules

#### Day 1: Foundations of Safety Leadership

- Understanding safety leadership principles
- The role of leadership in safety culture
- Safety management systems overview
- Assessing current safety climate

#### Day 2: Risk Management and Assessment

- Advanced risk assessment techniques
- Hazard identification and control strategies
- Root cause analysis methods
- Developing effective risk mitigation plans

#### Day 3: Creating a Positive Safety Culture

- Elements of a strong safety culture
- Behavior-based safety programs
- Employee engagement and motivation
- Overcoming resistance to change

#### Day 4: Communication and Training for Safety

A graphic of a chessboard with several chess pieces (king, queen, rook, knight, and pawns) in gold and silver. The text 'UK Training PARTNER' is overlaid on the board.

UK Training  
**PARTNER**

- Effective safety communication strategies
