Financial Reporting Workshop: Mastering IFRS Standards

Ref: 321617_142033 **Date:** 19 – 23 October 2026 **Location:** Los Angeles (USA) **Fees:** 5900 GBP

Why This Course

In today's global business environment, accurate and IFRS-compliant financial reporting is essential for informed decision-making, transparency, and stakeholder trust. Professionals must be able to interpret complex transactions, apply international standards correctly, and resolve practical reporting challenges.

This intensive 5-day program is designed to equip finance professionals, accountants, auditors, and managers with the knowledge, tools, and practical skills to navigate IFRS confidently. Participants will engage in hands-on exercises, analyze real-world case studies, and gain the expertise needed to enhance financial reporting quality and compliance.

What You'll Learn and Practice

By attending this program, you will be able to:

- Apply IFRS principles accurately in the preparation of financial statements.
- Analyze and interpret financial reports in compliance with international standards.
- Address complex accounting areas, including financial instruments, group accounting, and business combinations.
- Resolve practical IFRS implementation challenges with confidence.
- Strengthen your ability to support strategic financial decision-making in your organization.

The Program Flow

Day 1: Introduction to IFRS and Conceptual Framework

- Overview of IFRS and the global convergence of accounting standards
- Structure and role of the International Accounting Standards Board IASB
- Conceptual framework for financial reporting
- Presentation of financial statements IAS 1

Day 2: Asset and Liability Accounting

- Accounting for Property, Plant, and Equipment IAS 16
- Intangible Assets and their treatment IAS 38
- Impairment of assets IAS 36
- Provisions, contingent liabilities, and contingencies IAS 37
