## Comprehensive Food Safety Management Training Program

**Ref:** 321619\_142089 **Date:** 04 - 08 Aug 2025 **Location:** Toronto (Canada) **Fees:** 4700 Euro

### Course Description

This intensive 5-day course provides a comprehensive overview of food safety management principles and practices. Participants will gain in-depth knowledge of HACCP implementation, risk assessment techniques, regulatory compliance, and industry best practices. The course combines theoretical concepts with practical applications to ensure participants can effectively manage food safety in various settings.

### Learning Objectives

- Understand and apply HACCP principles in food safety management
- Develop skills in identifying and mitigating food safety hazards
- Learn regulatory requirements and compliance strategies
- Gain practical experience in developing and implementing food safety plans
- Acquire knowledge of emerging trends and technologies in food safety

### Course Modules

#### Day 1: Introduction to Food Safety Management

- Overview of food safety challenges and importance
- Food safety management systems and frameworks
- Introduction to HACCP principles
- Risk assessment fundamentals

#### Day 2: HACCP Implementation and Hazard Analysis

- HACCP plan development process
- Conducting hazard analysis
- Identifying critical control points
- Establishing critical limits and monitoring procedures

#### Day 3: Risk Management and Control Measures

- Preventive controls and their implementation
- Verification and validation procedures
- Documentation and record-keeping requirements
- Corrective actions and continuous improvement
