## Maritime Technical Operations and Safety Training Course

**Ref:** 321635\_142607 **Date:** 01 - 05 Sep 2025 **Location:** Geneva (Switzerland) **Fees:** 4700 Euro

### Course Description

This intensive 5-day Maritime Technical course provides comprehensive training in maritime operations, safety protocols, and technical skills essential for professionals in the maritime industry. Participants will gain hands-on experience with advanced maritime technologies, learn industry best practices, and develop critical thinking skills for maritime operations and safety management.

### Learning Objectives

- Master advanced maritime operations and safety protocols
- Develop proficiency in using maritime technical equipment and systems
- Understand and apply industry regulations and compliance standards
- Enhance problem-solving skills for maritime emergencies and challenges
- Improve leadership and communication in maritime environments

### Course Modules

#### Day 1: Maritime Operations Fundamentals

- Introduction to maritime industry trends and challenges
- Advanced navigation systems and techniques
- Vessel traffic management and communication
- Maritime law and international regulations

#### Day 2: Maritime Safety and Risk Management

- Risk assessment and mitigation strategies
- Emergency response planning and execution
- Personal safety equipment and procedures
- Environmental protection and pollution prevention

#### Day 3: Advanced Maritime Technologies

- Integrated bridge systems and automation
- Maritime cybersecurity and data management
- Emerging technologies in maritime operations
- Maintenance and troubleshooting of maritime equipment

#### Day 4: Maritime Leadership and Human Factors

A graphic of a chessboard with several chess pieces (king, queen, rook, knight, and pawns) in gold and silver. The text 'UK Training PARTNER' is overlaid on the board.

UK Training  
**PARTNER**

- Effective communication in maritime environments
- Leadership and team management at sea
- Fatigue management and crew welfare
- Cultural awareness in international maritime operations

### **Day 5: Practical Applications and Simulations**

- Hands-on exercises with maritime equipment
- Crisis management simulations
- Case studies of maritime incidents and lessons learned
- Final assessment and course review

### **Practical Wins for Participants**

- Enhanced operational efficiency and safety management skills
- Improved decision-making abilities in maritime environments
- Increased proficiency with advanced maritime technologies
- Strengthened leadership and communication skills for maritime operations
