## Project Management Professional (PMP)

**Ref:** 321660\_143184 **Date:** 31 Mar - 04 Apr 2025 **Location:** Madrid (Spain) **Fees:** 4400 Euro

### Introduction

Your ability as a project manager to demonstrate best practices in project management—both on the job and through professional certification—is essential to compete in today's fast-paced, highly technical, and dispersed workplace. The skills and knowledge you gain in this course will help you avoid making costly mistakes and increase your competitive edge.

In this course, you will apply the generally recognized practices of project management acknowledged by the Project Management Institute PMI® to successfully manage projects.

### Course Objectives - Project Management Professional PMP

- Define several key terms and recognize the relationship between portfolio, program, and project management
- Describe how organizational influences affect the methods used for managing projects
- Identify the integration of various processes and project management activities
- Breakdown the project's scope to include all required project work
- Compute all activities' durations required to complete the project
- Estimate activities' costs and project's budgets
- Outline the project's quality policies and objectives
- Assemble the project team and manage its performance
- Create and properly communicate project information
- Develop a project risk management plan and examine project risks
- Plan the procurement steps to acquire products and services needed from outside the project team
- Analyze stakeholder expectations and their impact on the project
