

COBIT 5

IT & IT Engineering
Kuala Lumpur (Malaysia)
20 - 24 Jan 2025

UK Training

PARTNER

The image features a chessboard with several chess pieces, including a king and pawns, set against a background of concentric circles. The king piece is the most prominent, positioned in the foreground on the right side of the board. The pawns are arranged in a line across the board. The background consists of a series of concentric circles that create a sense of depth and focus on the chess pieces.

COBIT 5

Ref: 321662_143258 **Date:** 20 - 24 Jan 2025 **Location:** Kuala Lumpur (Malaysia) **Fees:** 4200 Euro

Introduction

COBIT 5 is a globally recognized framework for the governance and management of enterprise information technology IT. It is designed to help organizations manage and govern their IT processes, services, and assets in a holistic and integrated manner, aligning IT with the goals and objectives of the business.

COBIT 5 is developed and maintained by ISACA, a global professional association focused on IT governance, audit, security, and risk management. COBIT 5 is widely used and recognized in many industries, including finance, healthcare, government, and telecommunications, among others.

Objectives of COBIT 5

- Meeting stakeholder needs
- Covering the enterprise end-to-end
- Applying a single, integrated framework
- Enabling a holistic approach
- Separating governance from management
