PARTNER

The background of the entire page features a chessboard with several chess pieces. In the foreground, a large gold king piece stands prominently on the right, with a silver pawn to its left. Another silver pawn is visible further back on the left. The chessboard is overlaid with a pattern of concentric, light gray circles that radiate from the center, creating a sense of depth and focus.

COBIT 5

Ref: 321662_143259 **Date:** 03 - 07 Feb 2025 **Location:** Casablanca (Morocco) **Fees:** 3300 Euro

Introduction

COBIT 5 is a globally recognized framework for the governance and management of enterprise information technology IT. It is designed to help organizations manage and govern their IT processes, services, and assets in a holistic and integrated manner, aligning IT with the goals and objectives of the business.

COBIT 5 is developed and maintained by ISACA, a global professional association focused on IT governance, audit, security, and risk management. COBIT 5 is widely used and recognized in many industries, including finance, healthcare, government, and telecommunications, among others.

Objectives of COBIT 5

- Meeting stakeholder needs
- Covering the enterprise end-to-end
- Applying a single, integrated framework
- Enabling a holistic approach
- Separating governance from management
