COBIT 2019: Mastering IT Governance and Management

Ref: 321678_143613 **Date:** 14 - 18 Jul 2025 **Location:** Lisbon (Portugal) **Fees:** 4400 Euro

Course Description

This 5-day COBIT 2019 course provides a comprehensive understanding of the latest COBIT framework for enterprise IT governance and management. Participants will learn how to align IT strategies with business objectives, optimize resources, and manage risks effectively using COBIT 2019 principles and practices.

Learning Objectives

- Understand the key concepts, principles, and components of the COBIT 2019 framework
- Learn to design and implement a tailored governance system using COBIT 2019
- Develop skills to create a business case for COBIT implementation
- Gain knowledge of performance management and implementation strategies
- Prepare for the COBIT 2019 Foundation certification exam

Course Modules

Day 1: Introduction to COBIT 2019

- Overview of IT governance and COBIT evolution
- COBIT 2019 framework introduction
- Governance principles and system components
- COBIT's relationship with other standards and frameworks

Day 2: COBIT Core Model and Components

- Governance and management objectives
- COBIT core model structure
- Components of the governance system
- Focus areas and design factors

Day 3: Goals Cascade and Performance Management

- Understanding the goals cascade
- Aligning enterprise goals with governance objectives
- Performance management principles
- Capability and maturity models

Day 4: Designing a Tailored Governance System

The logo for UK Training Partner features the text 'UK Training' in a small, black sans-serif font above the word 'PARTNER' in a large, bold, black sans-serif font. The text is positioned over a background of a chessboard with several chess pieces (a king, a queen, and a pawn) and a series of concentric white circles radiating from behind the pieces.

- Analyzing design factors
- Tailoring governance systems to organizational needs
- Creating a COBIT business case
- Implementation planning and challenges

Day 5: Implementation and Exam Preparation

- COBIT implementation lifecycle
- Continuous improvement strategies
- Case studies and practical exercises
- COBIT 2019 Foundation exam preparation

Practical Wins for Participants

- Ability to align IT strategies with business objectives using COBIT 2019
- Skills to design and implement a tailored IT governance system
- Knowledge to optimize IT resources and manage risks effectively
- Preparation for COBIT 2019 Foundation certification

A graphic of a chessboard with several chess pieces (a king, a knight, and a pawn) on it. The board is white and black, and the pieces are gold and silver. In the background, there are concentric circles radiating from the center of the board.
