 - Trello

Day 4

Innovative approaches and regulations to reduce ticket returns

- Improve customer service
- Flexible booking policies
- Personal customer experience
- Embracing new technologies
- Stay compliant with regulations
- Cooperation with partners

Day 5

How does airline ticket fraud happen?

- Use of stolen or hacked credit card details
- Offer tickets for sale at bargain prices via websites or social networking accounts
- Request immediate payment of cash, bank transfer or virtual currencies
- Flight reservation confirmation after payment

Stolen credit card owner:

- If notified before the trip, the ticket will be cancelled
- In the event of notification during the flight, the ticket cannot be cancelled

How do you know if a ticket is fraudulent?

- Low ticket price
- Departure time is only a day or two before the flight or on the same day, before the real credit card owner notices the fraud and cancels the ticket
- Request for payment in cash or by bank transfer

PARTNER

- Incomplete information on travel agency website / social media account

Tips for making safe purchases

- Book flight tickets directly from the airline, or from a travel agency approved by the competent authorities in your country
- Buy tickets from websites with secure payment systems
- Travel agency:
 - Do they have a legitimate website?
 - Do they have positive or negative reviews online?
 - Is there a way to contact them in case of problems?
- Check the terms and conditions before making a purchase
- Look for the International Air Transport Association IATA logo on the company's website
