Insurance of Property & Buildings Against Theft and Fire

Ref: 321694_144089 **Date:** 13 - 17 Oct 2025 **Location:** Kigali (Rwanda) **Fees:** 3300 **Euro**

Course Description

This comprehensive 5-day course provides in-depth knowledge on insuring properties and buildings against theft and fire risks. Participants will explore various insurance policies, coverage options, and risk management strategies to protect assets effectively. The course combines theoretical concepts with practical applications to ensure a well-rounded understanding of property and building insurance.

Learning Objectives

- Understand the fundamentals of property and building insurance
- Analyze different types of policies and coverage options for theft and fire protection
- Evaluate risk assessment techniques and mitigation strategies
- Develop skills to navigate claims processes and policy management
- Apply knowledge to real-world scenarios through case studies and practical exercises

Course Modules

Day 1: Introduction to Property and Building Insurance

- Overview of property and building insurance
- Types of policies: homeowners, commercial property, and specialized coverage
- Key components of insurance contracts
- Legal and regulatory framework

Day 2: Theft Coverage and Risk Management

- Understanding theft risks for properties and buildings
- Types of theft coverage and policy limits
- Risk assessment and prevention strategies
- Security measures and their impact on insurance

Day 3: Fire Protection and Insurance

- Fire risks and their impact on properties and buildings
- Fire insurance policies and coverage options
- Fire prevention and suppression systems
- Building codes and their influence on fire insurance

A graphic of a chessboard with several chess pieces (a king, a queen, a rook, and a pawn) in gold and silver. The text 'UK Training PARTNER' is overlaid on the board.

Day 4: Claims Processing and Policy Management

- Steps in the claims process for theft and fire
- Documentation and evidence collection
- Negotiating with insurance companies
- Policy renewal and updates

Day 5: Advanced Topics and Practical Applications

- Emerging trends in property and building insurance
- Technology's role in risk management and claims processing
- Case studies and real-world scenarios
- Developing comprehensive insurance strategies

Practical Wins for Participants

- Ability to assess and select appropriate insurance coverage for various property types
- Skills to implement effective risk management strategies for theft and fire protection
- Confidence in navigating the claims process and maximizing claim outcomes
- Knowledge to optimize insurance costs while maintaining comprehensive coverage

A graphic of a chessboard with several chess pieces. A large gold king piece is prominent in the foreground, with a silver pawn and a silver knight nearby. The board has a checkered pattern, and there are concentric circles in the background.
