

# Security and Safety Investigation: Techniques and Methods

Customs & Safety  
Baku (Azerbaijan)  
14 - 18 Jul 2025

UK Training

# PARTNER

The background of the entire page features a grayscale checkered chessboard. In the foreground, several chess pieces are visible: a silver pawn on the left, a silver pawn in the center, and a large gold king piece on the right. Faint, concentric circles radiate from behind the king piece, creating a ripple effect across the background.

## Security and Safety Investigation: Techniques and Methods

### Course Description

This comprehensive 5-day course equips participants with essential skills in security and safety investigation. Attendees will learn advanced techniques for incident management, evidence analysis, and effective reporting. The course covers both theoretical concepts and practical applications, ensuring participants can conduct thorough investigations and implement preventive measures.

### Learning Objectives

- Develop a structured approach to security and safety investigations
- Master evidence collection and analysis techniques
- Learn to conduct effective interviews and gather critical information
- Understand root cause analysis and implement preventive strategies
- Create comprehensive and professional investigation reports

### Course Modules

#### Day 1: Fundamentals of Security and Safety Investigations

- Introduction to incident management and investigations
- Differences between security and safety incidents
- Legal and ethical considerations in investigations
- Developing an investigative mindset

#### Day 2: Evidence Collection and Analysis

- Securing and documenting the incident scene
- Types of evidence and their significance
- Forensic techniques for evidence collection
- Chain of custody and evidence preservation

#### Day 3: Interview Techniques and Witness Management

- Effective interviewing strategies
- Managing difficult witnesses and suspects
- Documentation of interviews and statements
- Analyzing conflicting testimonies

#### Day 4: Root Cause Analysis and Preventive Measures

A graphic of a chessboard with several chess pieces (king, queen, rook, knight, and pawns) in gold and silver. The text 'UK Training PARTNER' is overlaid on the board.

UK Training  
**PARTNER**

- Identifying contributing factors to incidents
- Root cause analysis methodologies
- Developing corrective and preventive actions
- Implementing and monitoring safety improvements

## **Day 5: Report Writing and Case Presentation**

- Structure and components of investigation reports
- Writing clear and concise findings
- Presenting recommendations effectively
- Case studies and practical exercises

## **Practical Wins for Participants**

- Ability to lead and manage complex security and safety investigations
- Enhanced skills in evidence analysis and interview techniques
- Improved report writing and presentation of investigation findings
- Capacity to implement effective preventive measures based on investigation outcomes
