Mastering Governance, Risk, and Compliance (GRC) Strategies

Ref: 321761_146047 **Date:** 18 – 22 October 2027 **Location:** Kuala Lumpur (Malaysia) **Fees:** 4900 GBP

Why This Course

Effective Governance, Risk, and Compliance GRC practices are essential for organizations to operate efficiently, manage risks, and meet regulatory obligations. This intensive 5-day program equips participants with the knowledge and practical skills to design and implement robust GRC frameworks. Through a combination of theory, case studies, and hands-on exercises, attendees will learn to integrate governance, risk management, and compliance processes into organizational strategy, enhancing decision-making and overall performance.

What You'll Learn and Practice

By attending this course, you will be able to:

- Understand the core principles and components of GRC.
- Develop and implement effective governance structures.
- Conduct comprehensive risk assessments and manage enterprise risks.
- Ensure regulatory compliance through practical strategies and internal controls.
- Integrate GRC processes into organizational operations for improved performance.

The Program Flow

Day 1: Introduction to GRC

- Fundamentals and importance of GRC
- Key components of GRC frameworks
- GRC maturity models
- Integrating GRC into organizational strategy

Day 2: Governance Essentials

- Corporate governance principles
- Board responsibilities and oversight
- Ethical decision-making frameworks
- Governance policies and procedures

Day 3: Risk Management Strategies

- Enterprise Risk Management ERM concepts
- Risk identification and assessment techniques
- Risk mitigation and control strategies
- Risk reporting and monitoring

Day 4: Compliance Management

- Regulatory landscape and compliance requirements
- Developing effective compliance programs
- Internal controls and auditing
- Managing third-party compliance risks

Day 5: Integrating and Optimizing GRC

- GRC technology solutions and tools
- Leveraging data analytics for GRC insights
- Measuring GRC performance and ROI
- Future trends and emerging practices in GRC

Individual Impact

Participants will leave this course with:

- The ability to design and implement a comprehensive GRC framework.
- Practical skills in conducting risk assessments and developing mitigation strategies.
- Knowledge to ensure organizational compliance with relevant regulations.
- Capability to integrate governance, risk, and compliance processes for better decision-making.

Organizational Impact

Organizations will benefit from:

- Stronger governance structures and ethical decision-making practices.
- Improved identification, assessment, and management of enterprise risks.
- Greater confidence in meeting regulatory and compliance obligations.
- Enhanced integration of GRC processes to support strategic objectives.

Training Methodology

- Interactive lectures with real-world examples
- Hands-on exercises and case studies
- Group discussions to design practical GRC frameworks
- Tools and templates for immediate application in the workplace

Beyond the Course

By the end of this 5-day program, participants will be ready to:

- Implement effective GRC frameworks tailored to their organization.
- Assess and mitigate risks across the enterprise confidently.
- Maintain regulatory compliance and strengthen internal controls.
- Integrate governance, risk, and compliance processes to drive performance and strategic decision-making.
