## Advanced Blackbird Project Management Professional Course

**Ref:** 321775\_146453 **Date:** 17 - 28 Nov 2025 **Location:** Vienna (Austria) **Fees:** 7400 **Euro**

### Course Description

This intensive 10-day course is designed for experienced project managers seeking to elevate their skills to an advanced level. Participants will gain in-depth knowledge of cutting-edge project management methodologies, leadership techniques, and strategic planning. The course combines theoretical concepts with practical applications, preparing managers to handle complex projects effectively.

### Learning Objectives

- Master advanced project management methodologies and tools
- Develop strategic thinking and decision-making skills for complex projects
- Enhance leadership and team management capabilities
- Learn to navigate challenging project environments and stakeholder relationships
- Gain expertise in risk management and quality assurance techniques

### Course Modules

#### Day 1: Advanced Project Management Fundamentals

- Evolution of project management practices
- Complex project environments and challenges
- Advanced project lifecycle models
- Strategic alignment of projects with organizational goals

#### Day 2: Strategic Project Planning and Initiation

- Advanced project selection and portfolio management
- Stakeholder analysis and engagement strategies
- Developing comprehensive project charters
- Setting up governance structures for complex projects

#### Day 3: Advanced Scope and Requirements Management

- Techniques for managing scope in complex projects
- Requirements elicitation and analysis for large-scale projects
- Creating and managing the work breakdown structure WBS
- Scope verification and control strategies
