Risk Management for Healthy Organizations & Governance

Ref: 321816_147506 **Date:** 08 - 19 Sep 2025 **Location:** Orlando, Florida (USA) **Fees:** 9600 Euro

Course Description

This comprehensive 10-day course equips professionals with advanced skills in risk management and corporate governance. Participants will learn to identify, assess, and mitigate various organizational risks while implementing robust governance frameworks. The program combines theoretical knowledge with practical applications, preparing leaders to build resilient and ethical organizations.

Learning Objectives

- Develop a comprehensive understanding of risk management principles and processes
- Master corporate governance best practices and ethical leadership strategies
- Learn to implement effective risk mitigation and control measures
- Understand the interplay between risk management and corporate governance
- Acquire skills to enhance organizational resilience and stakeholder trust

Course Modules

Day 1: Introduction to Risk Management

- Defining risk and its impact on organizations
- The risk management process overview
- Risk categories and classifications
- Importance of risk culture in organizations

Day 2: Risk Identification and Assessment

- Risk identification techniques
- Qualitative and quantitative risk assessment methods
- Risk prioritization and mapping
- Developing a risk register

Day 3: Risk Mitigation Strategies

- Risk response planning
- Risk transfer, acceptance, and avoidance
- Implementing risk controls
- Contingency planning and crisis management
