A large, detailed image of chess pieces on a checkered board. In the foreground, a gold king piece stands prominently on a white square. To its left, a silver pawn piece is on a white square. Further back, another silver pawn piece is on a white square. The background features concentric circles and a checkered pattern, suggesting a strategic or competitive theme.

Comprehensive Industrial Safety Training: 5-Day Intensive

Ref: 321840_148274 **Date:** 04 - 08 Aug 2025 **Location:** Casablanca (Morocco) **Fees:** 3300 Euro

Course Description

This intensive 5-day Industrial Safety Training Course provides a comprehensive overview of workplace safety practices, OSHA regulations, and risk management strategies. Participants will gain practical skills in hazard identification, safety program development, and emergency response planning. The course combines theoretical knowledge with hands-on exercises to ensure a thorough understanding of industrial safety principles.

Learning Objectives

- Understand and apply OSHA standards and regulations in industrial settings
- Develop skills in hazard identification, risk assessment, and control measures
- Learn to create and implement effective safety management systems
- Gain knowledge of emergency preparedness and response procedures
- Understand the principles of industrial hygiene and occupational health

Course Modules

Day 1: Introduction to Industrial Safety

- Overview of OSHA standards and regulations
- Principles of safety management systems
- Hazard identification and risk assessment techniques
- Safety culture and employee engagement

Day 2: Occupational Health and Industrial Hygiene

- Fundamentals of industrial hygiene
- Exposure assessment and control strategies
- Personal protective equipment PPE selection and use
- Ergonomics and workplace design

Day 3: Hazardous Materials and Chemical Safety

- Hazard communication and GHS standards
- Safe handling, storage, and disposal of chemicals
- Spill prevention and response
- Confined space entry procedures

A graphic of a chessboard with several chess pieces (a king, a queen, a rook, and a pawn) positioned on it. The board is white and black, and the pieces are gold and silver.

Day 4: Fire Safety and Emergency Response

- Fire prevention and protection systems
- Emergency action plan development
- Evacuation procedures and drills
- Incident investigation and reporting

Day 5: Safety Program Implementation and Management

- Developing and implementing safety policies and procedures
- Conducting effective safety audits and inspections
- Safety training program design and delivery
- Measuring and evaluating safety performance

Practical Wins for Participants

- Ability to conduct comprehensive workplace hazard assessments
- Skills to develop and implement effective safety management systems
- Knowledge to ensure compliance with OSHA regulations and standards
- Techniques for fostering a positive safety culture in the workplace
