IFRS Mastery: Standards, Updates & Practical Application

Ref: 322058_183099 **Date:** 28 December 2026 – 1 January 2027 **Location:** Rome (Italy) **Fees:** 5200 GBP

Why This Course

International Financial Reporting Standards IFRS provide a globally recognized framework for financial reporting, enabling organizations to present transparent, comparable, and reliable financial information. As regulatory environments evolve and accounting standards are regularly updated, finance professionals must stay informed and develop the skills needed to apply IFRS effectively in complex financial situations.

This intensive 5-day program is designed to provide a thorough understanding of IFRS principles and their practical application in financial reporting. Participants will explore the conceptual framework, key accounting standards, and recent amendments that affect financial statements. Through practical examples and case studies, the course helps professionals strengthen their ability to prepare IFRS-compliant reports and address real-world accounting challenges.

What You'll Learn and Practice

By participating in this program, you will:

- Understand the IFRS conceptual framework and key reporting principles.
- Apply IFRS standards to prepare and analyze financial statements.
- Interpret and implement recent IFRS amendments and updates.
- Address complex accounting issues under international reporting standards.
- Evaluate financial reporting practices across different industries.
- Improve analytical skills for financial reporting and decision-making.

The Program Flow

Day 1: IFRS Foundation and Conceptual Framework

- Understanding the IFRS structure and standard-setting process.
- Reviewing the conceptual framework for financial reporting.
- Applying presentation requirements for financial statements IAS 1.
- Preparing and interpreting the statement of cash flows IAS 7.
