Ref: 322253_192655 **Date:** 5 – 9 April 2027 **Location:** London (UK) **Fees:** 5400 GBP

Why This Course

In today's legal and financial environment, taxation law plays a central role in business operations, regulatory compliance, and strategic decision-making. Legal and finance professionals must understand how tax systems are structured, how direct and indirect taxes operate, and how international rules influence transactions, reporting, and planning. A strong understanding of taxation law is essential for managing risk, supporting compliance, and advising effectively in an increasingly complex fiscal landscape.

This intensive 1-week course provides a comprehensive overview of taxation law, covering fundamental principles, policies, and practical applications. Participants will gain in-depth knowledge of direct and indirect taxes, international taxation, and tax planning strategies. The course is designed for legal and finance professionals seeking to enhance their expertise in taxation law.
