Mastery of Treasury and Cash Management in Public Sector

Ref: 322819_215150 **Date:** 10 – 14 January 2027 **Location:** Istanbul (Turkey) **Fees:** 4200 GBP

Course Description

This intensive 1-week course provides a comprehensive overview of treasury and cash management practices tailored for the public sector. Participants will gain in-depth knowledge of cash flow forecasting, risk management, and optimization strategies. The course combines theoretical concepts with practical applications to enhance financial stewardship in government organizations.

Learning Objectives

- Develop advanced cash flow forecasting techniques for public sector entities
- Implement effective risk management strategies in treasury operations
- Optimize cash management processes to improve liquidity and returns
- Understand regulatory compliance and best practices in public sector financial management
- Apply modern treasury technologies to streamline operations and enhance decision-making

Course Modules

Day 1: Foundations of Public Sector Treasury Management

- Overview of treasury functions in government organizations
- Regulatory framework and compliance requirements
- Treasury management policies and procedures
- Stakeholder management and reporting

Day 2: Cash Flow Forecasting and Liquidity Management
