FIDIC Contracts Management: Mastering Project Administration

Ref: 322896_218125 **Date:** 11 – 15 October 2027 **Location:** Barcelona (Spain) **Fees:** 5200 GBP

Course Description

This intensive 5-day course provides a comprehensive understanding of FIDIC contract management and administration. Participants will learn to effectively navigate FIDIC contracts, manage risks, and resolve disputes in construction projects. The course covers contract selection, implementation, financial management, and best practices for successful project delivery.

Learning Objectives

- Understand the structure and application of FIDIC contract forms
- Develop skills in contract administration and project management
- Learn effective risk allocation and mitigation strategies
- Master techniques for claims management and dispute resolution
- Gain practical insights into financial control and reporting

Course Modules

Day 1: Introduction to FIDIC Contracts

- Overview of FIDIC contract forms
- Key principles and risk allocation
- Roles and responsibilities of parties
- Contract documents and their hierarchy

Day 2: Contract Implementation and Management

- Commencement and programme management
- Site possession and access
- Quality control and testing
- Variations and adjustments

Day 3: Financial Management and Control

- Payment procedures and certificates
- Price adjustment mechanisms
- Valuation of variations
- Cash flow management
