English Law in International Disputes: Risks and Rewards

Ref: 322916_219067 **Date:** 5 – 9 July 2027 **Location:** Bangkok (Thailand) **Fees:** 5400 GBP

Course Description

This comprehensive 1-week course explores the application of English law in international commercial disputes. Participants will gain in-depth knowledge of contract drafting, risk assessment, and various dispute resolution strategies under the English legal system. The course combines theoretical foundations with practical case studies to provide a well-rounded understanding of how English law operates in global business contexts.

Learning Objectives

- Understand the principles and application of English law in international commercial contracts
- Develop skills in drafting effective contracts under English law
- Learn to assess and allocate risks in cross-border transactions
- Explore various dispute resolution mechanisms, including litigation and arbitration
- Analyze recent case law and its implications for international business practices
