Certified Procurement Manager: Strategic Sourcing Excellence

Ref: 322918_219193 **Date:** 23 – 27 November 2026 **Location:** Cape Town (South Africa) **Fees:** 4200 GBP

Course Description

This intensive 1-week Certified Procurement Manager course equips professionals with advanced skills in strategic sourcing, supplier management, and contract negotiation. Participants will learn to optimize procurement processes, mitigate risks, and drive value across the supply chain. The course combines theory with practical case studies to prepare attendees for procurement leadership roles.

Learning Objectives

- Develop and implement strategic procurement plans aligned with organizational goals
- Master advanced negotiation techniques for securing favorable contracts
- Implement best practices in supplier relationship management and performance evaluation
- Analyze and mitigate supply chain risks using modern procurement tools and technologies
- Apply ethical standards and compliance measures in procurement operations

Course Modules

Day 1: Foundations of Strategic Procurement

- Evolution of procurement and its strategic importance
- Procurement process optimization and best practices
- Stakeholder management and cross-functional collaboration
- Procurement's role in organizational strategy and value creation

Day 2: Advanced Sourcing Strategies
