CDM Regulations: Mastering Construction Safety Management

Ref: 322975_220580 **Date:** 11 – 15 October 2026 **Location:** Istanbul (Turkey) **Fees:** 4900 GBP

Course Description

This intensive 5-day course provides a comprehensive understanding of the Construction Design and Management CDM Regulations 2015. Participants will gain in-depth knowledge of CDM principles, roles, and responsibilities, enabling them to effectively manage health and safety in construction projects.

Learning Objectives

- Understand the purpose and scope of CDM Regulations 2015
- Identify key roles and responsibilities of CDM dutyholders
- Learn to create and manage essential CDM documentation
- Develop skills to implement CDM principles throughout project lifecycles
- Gain practical knowledge of risk assessment and management in construction

Course Modules

Day 1: Introduction to CDM Regulations

- Overview of CDM 2015 and its importance
- Legal framework and enforcement
- Key changes from previous regulations
- CDM application in various construction projects

Day 2: CDM Dutyholders and Their Responsibilities

- Client duties and obligations
- Principal Designer role and responsibilities
- Principal Contractor duties
- Designer and Contractor responsibilities

Day 3: CDM Documentation and Information Management

- Pre-construction information
- Construction Phase Plans
- Health and Safety File
- Effective communication strategies

Day 4: Risk Management and Assessment

- Identifying and evaluating construction hazards
- Risk assessment techniques
- Implementing control measures
- Monitoring and reviewing safety procedures

Day 5: Practical Application and Case Studies

- Real-world CDM implementation examples
- Common challenges and solutions
- Best practices for CDM compliance
- Future trends in construction safety management

Practical Wins for Participants

- Ability to confidently fulfill CDM dutyholder roles
- Skills to create and manage key CDM documentation
- Enhanced risk assessment and management capabilities
- Improved ability to ensure legal compliance in construction projects
