Developing Purchasing Policies, Processes and SLAs Course

Ref: 323062_223603 **Date:** 23 – 27 August 2027 **Location:** Bangkok (Thailand) **Fees:** 5400 GBP

Course Description

This comprehensive 1-week course equips procurement professionals with the skills to develop and implement effective purchasing policies, processes, and Service Level Agreements SLAs. Participants will learn to align procurement strategies with organizational goals, create clear and actionable policies, design efficient processes, and develop performance-driven SLAs. The course combines theoretical knowledge with practical applications to enhance procurement practices.

Learning Objectives

- Understand the strategic role of procurement in organizational success
- Develop clear and concise purchasing policies aligned with business objectives
- Design and optimize cross-functional procurement processes
- Create effective Service Level Agreements SLAs and Key Performance Indicators KPIs
- Implement best practices in policy writing and process mapping
- Enhance stakeholder management and communication in procurement
