Ref: 321816_233317 **Date:** 19 – 30 September 2027 **Location:** Riyadh (KSA) **Fees:** 7600 GBP

Why This Course

In today's complex business environment, effective risk management and strong corporate governance are essential for building resilient and ethical organizations. This intensive 2-week course equips professionals with advanced skills to identify, assess, and mitigate risks while implementing robust governance frameworks. Through a blend of theory, practical exercises, and real-world case studies, participants will gain the expertise needed to strengthen decision-making and organizational resilience.

What You'll Learn and Practice

Participants will explore:

- Core principles of risk management and corporate governance
- Techniques for assessing, prioritizing, and mitigating organizational risks
- Methods to enhance board effectiveness and ethical leadership
- Integration of risk management practices with corporate governance structures
- Strategies to foster stakeholder trust and organizational resilience

By participating in this course, you will:

- Develop a comprehensive risk management framework tailored to your organization
- Implement effective risk mitigation and control measures
- Strengthen governance practices and board oversight capabilities
- Build a culture of risk awareness and ethical leadership
- Enhance organizational resilience against operational, financial, and strategic risks
