Leadership Innovation and Enterprise Skills Masterclass

Ref: 321900_233662 **Date:** 26 – 30 September 2027 **Location:** Riyadh (KSA) **Fees:** 4200 GBP

Why This Course

In today's rapidly changing business environment, organizations require leaders who can drive innovation, foster creativity, and navigate complex challenges with strategic vision. Traditional leadership approaches are no longer sufficient; success depends on the ability to inspire teams, implement innovative solutions, and sustain growth in dynamic markets.

Innovation Leadership & Enterprise Management is an intensive 1-week program designed to equip leaders with the skills, mindset, and tools needed to lead innovation initiatives, develop entrepreneurial strategies, and build high-performing, forward-thinking teams. Through interactive exercises, real-world case studies, and practical frameworks, participants will learn how to translate ideas into actionable outcomes and foster a culture of continuous improvement.

What You'll Learn and Practice

By participating in this program, you will:

- Develop a visionary leadership style that drives innovation and organizational growth.
- Apply practical techniques to stimulate creativity and problem-solving within teams.
- Strengthen strategic thinking and decision-making capabilities for complex business challenges.
- Cultivate an entrepreneurial mindset to identify opportunities and drive enterprise initiatives.
- Lead and motivate high-performing teams in diverse and dynamic environments.
- Implement sustainable strategies that foster innovation and long-term business success.

The Program Flow

Day 1: Foundations of Innovative Leadership

- Understanding innovation in the context of modern leadership.
- Identifying key traits and behaviors of innovative leaders.
- Creating a vision for growth driven by innovation.
- Assessing personal leadership style and innovation potential.

Day 2: Fostering a Culture of Innovation

- Building and leading creative, collaborative teams.
- Techniques for stimulating ideation and innovative thinking.
- Identifying and overcoming organizational barriers to innovation.
- Implementing structured innovation processes and frameworks.

Day 3: Strategic Thinking and Decision-Making

- Advanced problem-solving methodologies for complex challenges.
- Strategic foresight and scenario planning to anticipate change.
- Assessing and managing risk in innovation initiatives.
- Leveraging data to support informed, impactful decisions.

Day 4: Entrepreneurial Leadership

- Developing an entrepreneurial mindset within organizations.
- Identifying and evaluating high-potential business opportunities.
- Applying lean startup methodologies for enterprise innovation.
- Building and leveraging strategic partnerships for growth.

Day 5: Sustaining Innovation and Driving Growth

- Creating a roadmap for continuous innovation and enterprise development.
- Measuring and managing innovation performance.
- Leading change initiatives to embed innovation within organizational culture.
- Scaling innovative ideas across teams and business units.

Individual Impact

Participants will:

- Develop a personalized innovation leadership action plan.
- Gain practical tools to foster creativity and drive team innovation.
- Strengthen their ability to make strategic decisions and solve complex problems.
- Build confidence in leading high-performing teams toward sustainable growth.

Work Impact

Organizations will benefit from leaders who:

- Inspire a culture of innovation and creative problem-solving.
- Lead teams to deliver high-impact initiatives and measurable results.
- Enhance collaboration, engagement, and performance across departments.
- Drive long-term business growth through strategic innovation and enterprise development.

Training Methodology

This program combines leadership theory with hands-on application to ensure lasting impact. Learning methods include:

- Interactive workshops focused on innovation, creativity, and strategic leadership.
- Real-world case studies and scenario-based exercises.
- Group activities that reinforce problem-solving, ideation, and team performance.
- Peer collaboration and reflection sessions to strengthen leadership skills.

Beyond the Course

Upon completing the program, participants will be equipped to:

- Lead with confidence and clarity in dynamic, innovation-driven environments.
- Inspire creativity, experimentation, and growth within their teams.
- Implement sustainable strategies that transform ideas into organizational impact.
- Position themselves and their organizations for long-term success and competitive advantage.
