Management Skills and Techniques: Mastering Leadership

Ref: 321963_233953 **Date:** 7 – 11 March 2027 **Location:** Doha (Qatar) **Fees:** 4200 GBP

Why This Course

Effective management plays a vital role in ensuring organizational success. Managers today must balance strategic thinking with strong leadership, clear communication, and the ability to guide teams through complex challenges. Developing these capabilities helps organizations maintain productivity, alignment, and long-term growth.

This intensive 1-week management skills program is designed to strengthen the core competencies required for effective leadership. Through interactive learning, practical exercises, and real-world examples, participants will gain the tools and confidence needed to lead teams, manage priorities, and make sound decisions that support organizational success.

What You'll Learn and Practice

By participating in this program, you will:

- Strengthen leadership skills that inspire and motivate team members.
- Master practical approaches to strategic planning and goal setting.
- Improve communication techniques and conflict resolution capabilities.
- Develop structured decision-making and problem-solving skills.
- Learn effective delegation and time management strategies.
- Enhance productivity and team performance through better management practices.

The Program Flow

Day 1: Foundations of Effective Management

- Understanding the key roles and responsibilities of a manager.
- Exploring leadership styles and their influence on team performance.
- Applying emotional intelligence in management situations.
- Setting clear expectations and communicating them effectively.

Day 2: Strategic Planning and Goal Setting

- Developing a strategic mindset for managers.
- Applying SMART goal-setting techniques.
- Aligning team objectives with organizational priorities.
- Creating clear action plans to achieve goals.

Day 3: Team Management and Communication

- Building and leading high-performing teams.
- Delegating responsibilities and empowering team members.
- Managing conflicts constructively.
- Providing and receiving constructive feedback.

Day 4: Decision Making and Problem Solving

- Applying analytical and creative problem-solving methods.
- Assessing risks and evaluating potential solutions.
- Making effective decisions under pressure.
- Implementing and reviewing decisions to ensure results.

Day 5: Time Management and Productivity

- Prioritization techniques for managing workload effectively.
- Conducting efficient and productive meetings.
- Managing interruptions and maintaining focus.
- Maintaining work-life balance to support sustained performance.

Individual Impact

- Strengthen confidence and effectiveness in managerial roles.
- Improve communication, decision-making, and leadership presence.
- Develop better organization and time management skills.
- Gain practical techniques for managing teams more effectively.

Work Impact

- Improve team productivity and collaboration.
- Align team activities with organizational goals and priorities.
- Enhance decision-making processes across departments.
- Foster a positive and supportive work environment.

Training Methodology

The program combines practical learning with interactive engagement to ensure lasting results. Learning methods include:

- Interactive workshops and facilitated discussions.
- Real-world case studies and management scenarios.
- Group exercises and collaborative problem-solving activities.
- Self-assessments and guided reflection.
- Practical management tools and templates for workplace application.

Beyond the Course

By the end of the program, participants will be able to:

- Lead teams more confidently and effectively.
- Apply strategic planning and decision-making techniques.
- Manage time and priorities to maximize productivity.
- Create a work environment that supports collaboration, performance, and continuous improvement.
