Course Description

This 5-day intensive course provides a comprehensive overview of Islamic financial management principles and practices. Participants will explore Shariah-compliant financial instruments, risk management strategies, and ethical investing approaches. The course combines theoretical knowledge with practical applications to equip finance professionals with the skills needed to navigate the growing Islamic finance sector.

Learning Objectives

- Understand the fundamental principles of Islamic finance and Shariah compliance
- Analyze Islamic banking models and financial instruments
- Develop strategies for risk management in Islamic financial institutions
- Evaluate Islamic investment opportunities and portfolio management techniques
- Apply ethical and sustainable finance principles in Islamic financial management

Course Modules

Day 1: Foundations of Islamic Finance

- Introduction to Islamic economic principles
- Shariah compliance in financial transactions
- Comparison of conventional and Islamic finance
- Historical development and current trends in Islamic finance

Day 2: Islamic Banking and Financial Instruments

- Islamic banking models and operations
- Mudarabah, Musharakah, and Murabahah contracts
- Sukuk structures and issuance
- Islamic insurance Takaful principles

Day 3: Risk Management in Islamic Finance

- Shariah-compliant risk management techniques
- Liquidity management in Islamic financial institutions
- Credit risk assessment in Islamic banking
- Operational risk and compliance challenges
