Working Capital and Debtors Management Masterclass

Ref: 322767_237162 **Date:** 11 – 15 October 2026 **Location:** Riyadh (KSA) **Fees:** 4200 GBP

Course Description

This intensive 5-day course provides a comprehensive understanding of working capital management and debtor control strategies. Participants will learn to optimize cash flow, manage inventory efficiently, and implement effective credit policies. The course covers both theoretical concepts and practical applications, equipping finance professionals with the tools to enhance their organization's financial stability and performance.

Learning Objectives

- Understand the components of working capital and their impact on business operations
- Develop strategies to optimize cash conversion cycles and improve liquidity
- Master techniques for effective inventory management and cost reduction
- Implement robust credit policies and efficient accounts receivable processes
- Analyze financial metrics to make informed working capital decisions

Course Modules

Day 1: Introduction to Working Capital Management

- Working capital concepts and importance
- Components of working capital
- Working capital ratios and analysis
- Cash conversion cycle optimization

Day 2: Cash and Liquidity Management
