Accounts Payable: From Accounting to Strategic Management

Ref: 322768_237167 **Date:** 8 – 12 August 2027 **Location:** Riyadh (KSA) **Fees:** 4200 GBP

Course Description

This comprehensive 5-day course transforms accounts payable professionals into strategic financial managers. Participants will learn advanced AP practices, process optimization techniques, and management strategies to elevate their department's role within the organization. The course covers everything from fundamental accounting principles to cutting-edge technologies and strategic financial management.

Learning Objectives

- Master advanced accounts payable practices and processes
- Implement effective internal controls and fraud prevention measures
- Optimize AP workflows using modern technologies and best practices
- Develop strategic financial management skills for AP professionals
- Enhance vendor relationships and negotiate favorable terms
- Improve financial reporting and analysis capabilities

Course Modules

Day 1: Foundations of Accounts Payable

- The role of AP in organizational financial health
- Key accounting principles for AP professionals
- AP terminology and documentation
- Regulatory compliance and best practices

Day 2: Process Optimization and Technology

- Streamlining invoice processing workflows
- Implementing automation and AI in AP
- Electronic payments and virtual credit cards
- Data analytics for process improvement

Day 3: Risk Management and Internal Controls

- Fraud detection and prevention strategies
- Designing effective internal control systems
- Vendor master file management
- Audit preparation and support

A graphic of a chessboard with several pawns. In the foreground, a gold king piece stands prominently. Behind it, a silver pawn and a gold pawn are visible. The background shows concentric circles emanating from behind the king piece.
