A photograph of chess pieces on a checkered board. In the foreground, a large gold king piece stands prominently. To its left is a smaller silver pawn. Further back and to the left is another silver pawn. The background features concentric circles, suggesting a target or focus.

IFRS 17 Insurance Contracts: Comprehensive Implementation

Ref: 322840_237487 **Date:** 21 – 25 March 2027 **Location:** Riyadh (KSA) **Fees:** 4200 GBP

Course Description

This intensive 5-day course provides a comprehensive understanding of IFRS 17 Insurance Contracts. Participants will gain in-depth knowledge of the standard's principles, measurement models, and practical implementation challenges. The course covers recognition, measurement, presentation, and disclosure requirements for insurance contracts.

Learning Objectives

- Understand the scope, key definitions, and principles of IFRS 17
- Apply the General Measurement Model and other measurement approaches
- Implement the presentation and disclosure requirements of IFRS 17
- Analyze the impact of IFRS 17 on financial statements and key performance indicators
- Develop strategies for successful implementation and transition to IFRS 17

Course Modules

Day 1: Introduction to IFRS 17

- Overview and objectives of IFRS 17
- Scope and key definitions
- Insurance contract components and separation
- Level of aggregation and contract boundaries

Day 2: General Measurement Model

- Fulfilment cash flows
- Discounting and risk adjustment
- Contractual Service Margin CSM
- Subsequent measurement and profit recognition

Day 3: Other Measurement Approaches

- Premium Allocation Approach PAA
- Variable Fee Approach VFA
- Reinsurance contracts held
- Modification and derecognition

The graphic features the text 'UK Training' in a small font above the word 'PARTNER' in a large, bold, black font. The background consists of concentric circles and a chessboard pattern with several chess pieces (a king, a queen, and a pawn) in gold and silver.

Day 4: Presentation and Disclosure

- Statement of financial position
- Statement of financial performance
- Disclosure requirements
- Transition approaches

Day 5: Implementation and Impact Analysis

- Implementation challenges and solutions
- Impact on financial statements and KPIs
- Data and system requirements
- Transition planning and project management

Practical Wins for Participants

- Ability to navigate complex IFRS 17 requirements confidently
- Skills to apply appropriate measurement models to different contract types
- Expertise in preparing IFRS 17 compliant financial statements and disclosures
- Strategies for successful IFRS 17 implementation in their organizations
